

On Android, Google Chrome requires a certificate to access 365 apps.
Please follow these instructions to generate this certificate.

- 1) Enter the Microsoft Authenticator App and Click on *wehi.edu.au* in the *Device Registration* window. Select *Enable browser access*.

- 2) You'll be prompted to select a certificate type. Select *VPN and app user certificate* and click *OK*

- 3) You'll be prompted to name the certificate. Enter your desired name or leave the default as is and click *OK* to create the certificate.

Once generated, you may be prompted to provide a certificate when you next access a 365 app in Google Chrome.
Please select the certificate you generated to gain access.
